

AASHTOWare Project™ 3.01

10 Reasons to Upgrade

The AASHTOWare Project 3.01 software includes enhancements to the AASHTOWare Project Preconstruction™, AASHTOWare Project Estimation™, AASHTOWare Project Civil Rights & Labor™, and AASHTOWare Project Construction & Materials™ modules.

Upgrading to the latest version of the software can help your agency. Here's how:

Stronger

A stronger, more robust solution for managing, tracking, reporting projects.

OData (Open Data Protocol)

New flexibility with OData's reporting and querying.

Performance Improvements

Enhanced responsiveness for faster performance.

Available Mobile Apps

Field Interviewer (CRL) and Mobile Inspector (Construction).

Enhancements

Addition of user requested purposeful enhancements.

Integration

Powerful integration with Crystal Reports.

Legacy

Improved data migration from the AASHTOWare Project Client/Server modules.

Estimation

Newly supported cost based method for Estimation.

Unified Database

Integrated Construction, Materials, Preconstruction, Estimation, Civil Rights.

Installation

A centralized installation for seamless IT configuration.
