## Service Unit Notice

AASHTO has established an arrangement with its contractors to offer the opportunity for agencies to acquire special fixed-fee increments or units of contractor-provided service (“Service Units”) for consultation and support to assist an agency in implementing software modules and/or expediting conversion to the current generic releases of software.

Service Unit Contractors are independent contractors and solely responsible for all aspects of the performance, delivery, quality and terms and conditions of service they provide to agencies. AASHTO SHALL NOT BE RESPONSIBLE AND DISCLAIMS ANY AND ALL LIABILITY FOR ANY DAMAGE OR LOSS WHATSOEVER, INCLUDING PERSONAL INJURY, DAMAGE TO PROPERTY OR LOSS OF BUSINESS OPERATIONS, INFORMATION OR DATA, ARISING OUT OF OR RELATING TO ANY ACT OR OMISSION OF SERVICE UNIT CONTRACTORS, THEIR EMPLOYEES, AGENTS AND SUBCONTRACTORS. It is highly recommended that each agency review its service needs with the appropriate Service Unit Contractor, develop a firm estimate of the number of units required and establish work plans and other terms and conditions of service, including the schedule for delivery, prior to submitting their commitment. Further, AASHTO reserves the right to review work plans for Service Unit work to ensure conformance with the guidelines for their use.

This service is not a pre-requisite to licensing AASHTO software, nor does it affect in any way the normal support, maintenance and enhancement services provided under the AASHTO license agreement and normal fee structure for applicable software. Choosing this special offering is strictly the prerogative of an agency. The intent of Service Units is to offer the opportunity for an agency to acquire special fixed-fee increments or units of contractor-provided service for consultation and support. AASHTO shall serve as facilitator only by accepting the commitment for such contractor-provided services, invoice and receive payment on behalf of the agency and forward the order and payment to the contractor for the appropriate number of units of services ordered.

Further, AASHTO assumes no responsibility or liability for any obligation of Service Unit Contractors, including scheduling or delivery of such units of service. It shall remain the responsibility of the subscribing agency to

schedule their individual unit(s) of service and establish any other terms and conditions directly with the contractor.

Additional details about Service Units and Service Unit Contractors for specific software products may be found in the AASHTO Catalog.

## Agency Authorization

I authorize this member department or agency to participate in the above designated AASHTO software products/services, and agree to commit the required funds for payment when invoiced by AASHTO in accordance with published Policies, Guidelines and Procedures for AASHTO Cooperative Computer Software Development activities.

It is further understood that unless this commitment form, the appropriate agreement forms, and payment of the associated fees when invoiced, are all completed when presented and returned in a timely manner, AASHTO licensing provisions require that the use of previously licensed AASHTO software products by this member department or agency be terminated, and the related licensed materials be returned to AASHTO.
