AASHTOWare Note .....	1
Table Information for VPAT® Readers.....	1
AASHTO Accessibility Conformance Report.....	2

### AASHTOWare Note

AASHTO requires VPAT documents to cover Section 508 standards, WCAG 2.0 level A and AA, and WCAG 2.1 level A and AA. WCAG level AAA, WCAG 2.1 level AAA, WCAG 2.2, and EN 301 549 criteria do not apply to AASHTOWare and may be ignored. Criteria specific to WCAG 2.x AAA and EN 301 549 have been removed from the template.

### Table Information for VPAT® Readers

For each of the standards, the criteria are listed by chapter in a table. The structures of the tables are: the first column contains the criteria being evaluated, the second column describes the level of conformance of the product regarding the criteria and the third column contains any additional remarks and explanations regarding the product.

- When sections of criteria do not apply, or are deemed by the customer as not applicable, the section is noted as such and the rest of that table may be removed for that section.
- When multiple standards are being recorded in this document, the duplicative sections are noted and responded to only one time. The duplicate entry will note the cross reference to the data.
